

General Assembly The European 300m Cup 2006

Winterthur, 22nd September 2006

Agenda

1. **"Open European Cup"**

Open the EC for non-europeans countries and let these shooters compete on equal level as the european shooters and also qualify for the final.

Reason: A necessary step for the strengthening of the small 300m community. The few nations that compete in the 300m events will enhance the efforts to make better competitors and competitions across the world. We are also especially focused on the growth in the ladies' events. This will be a clear goal for the committee to get more nations and athletes to take part in these event.

2. **Exchange young judges**

To use the 300m cup to exchange young judges and be a possibility for all nations to educate young people that are interested in this.

Reason: New judges need experience from international competition and the EC need to be more "professional".

3. **Time schedule 2007**

The committee invited former organizing countries and countries that were interested, to send an application before August 15th.

Reason: A lot of countries say every year that they might be interested to organize a competition. Therefore the committee wanted to see the interest, and only 4 countries answered before the dead-line.

The election was done in the following way

1. Member - Jean Emmanuel Monneyron elected according to ESC rules 8.3.1
2. Member elected instead of Willy Grill - Ian Shirra Gibb

According to ESC rules 8.3.1 Willy Grill shall be reãresented in the committee as representant for the ESC Rifle Committee.
